DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 12-22, drawn to “combined voice and data transmission”, classified in class 370, subclass 493.
 - II. Claims 23-33, drawn to “channel assignment techniques”, classified in class 370, subclass 431.
2. Inventions of group 1 and group 2 are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention of group 2 has separate utility such as allocating and de-allocating a channel for a voice only transmission, combined voice and data transmission, or a data only transmission. See MPEP § 806.05(d).
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
4. A telephone call was made to Michael Haynes on 11/08/2005 to request an oral election to the above restriction requirement, but examiner was not able to reach Michael Haynes. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement maybe traversed (37 CFR 1.143).

Art Unit: 2662

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian Roberts whose telephone number is (571) 272-3095. The examiner can normally be reached on M-F 8:30-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hassan Kizou can be reached on (571) 272-3088. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
